Career Summary:

An attentive and driven programmer that thrives on problem solving and critical thinking. I have had years of experience with contract work and cooperation between different departments to ensure a project's requirements are met. I graduated from a coding bootcamp in 2019.

Technical Skills:

Languages:
Javascript

Applications:

Mongo	Express
React	Node.js
Handlebars	UI frameworks (Materialize, Boostrap, Material-ui)

Projects:

Sci-Fi Trivia Game | https://github.com/Moldysmurf38/TriviaGame | https://moldysmurf38.github.io/TriviaGame/
-A trivia game that is designed to test an individual's knowledge on general science fiction movie trivia.
-Responsible for building the page and programming necessary for the game to operate
-Javascript, Bootstrap UI Framework

Crystal Collector | https://github.com/Moldysmurf38/Unit-4-Game | https://moldysmurf38.github.io/Unit-4-Game/
-A game that randomly generates values for each crystal. The player must match their number with the target number.
-Responsible for building the page and programming necessary for the game to operate
-Javascript, Bootstrap UI Framework

Memory Game | https://github.com/Moldysmurf38/Memory-Game | https://memory-game38.herokuapp.com/
-A game that tests a user's memory as they try to click each image only once per session.
-Responsible for building the React page and the programming necessary for the game to operate
-Javascript, React

Experience:

National Video Monitoring   2019-Present
Marietta, Georgia
-Used security cameras to monitor dozens of locations at once
-Wrote detailed reports outlining and cataloging any important events on the premises
-5 verified events of successful criminal deterrence.

Securitas Security Services   2015-2019
Orlando, FL
-Worked as a security officer both during and after client's office hours
-Used multiple devices and programs as specified by the client and my superiors to keep track of client's inventory and receive updates involving security policy
-Used security cameras for crime prevention after hours on main property as well as satellite properties

-Used vehicle and foot patrols to ensure buildings and vehicle inventory remains locked and safe
-Worked alongside police on a regular basis to report and help thwart any crimes in progress
-Conducted vehicle inspections and bag searches for people exiting property
-Interviewed and took written accounts of people involved in vehicle and workplace accidents
-Wrote countless detailed and accurate reports including pictures as well as camera footage
-Assisted fellow officers on my shift with any equipment or security issues

Orange Tree Golf and Resident Community   2014
Orlando, FL
-Extensive use of security cameras to monitor the front and back gates of the neighborhood
-Help residents and guests resolve any conflicts with community access
-Helped repair broken gate arms and fixed gates coming off the track

Education:

Georgia Tech Boot Camp   2019
Atlanta, Georgia
MERN full stack development program

Full Sail University   2014
Winter Park, FL
Bachelor of Fine Arts in Creative Writing

Licensing:
